

Unlimited Insurance Agent Onboarding and Interview Flow

1. Introduction

This document outlines the product requirements for an improved agent onboarding and interview workflow for Unlimited Insurance. The goal is to streamline the current recruiting process, provide new agents with essential information, and automate the initial setup of their work accounts and team integration.

2. Goals

- Automate the initial steps of agent onboarding (e.g., email creation, Slack invite, first meeting invite).
- Create a dedicated, branded landing page for interview scheduling and a separate page for onboarding new hires.
- Provide clear and engaging information to prospects and new agents about the opportunity with Unlimited Insurance.
- Improve communication and reminders for the final interview stage.

3. Current Recruiting Process (As-Is)

The current recruiting process is largely manual, requiring significant time and coordination from **Josh**, **Keller**, and  **Person** (the interviewer/manager).

Step	Owner	Description
1	Josh	Calls the prospect.
2	Josh	Sends the prospect the interviewer's (my) Calendly invite link.
3	Prospect	Signs up for a meeting in the next two days.

Step	Owner	Description
4	Josh	Sends the interviewer the prospect's phone number.
5	Interviewer	Texts the prospect personally to remind them of the meeting.
6	Interviewer	If the prospect attends and is hired, they are told to download Telegram and message the interviewer.
7	Interviewer	Creates a group chat with the new agent and the rest of the team.
8	Keller or Josh	Manually creates the new agent's work email.
9	Interviewer	Gets on a second Zoom with the new agent to set up their license exam.

4. Ideal New Workflow (To-Be)

The ideal workflow incorporates two new landing pages and automation to create a more seamless experience for both the prospect and the Unlimited Insurance team.

Step	Owner	Description
1	Josh	Gets on an initial call with the prospect.
2	Josh	Sends the prospect a branded link to set up the final interview with & Person .
3	Prospect/System	Prospect registers for an interview and receives text message reminders (morning

Step	Owner	Description
		of at 9am, and one hour before).
4	Interviewer	If the decision is made to move forward, the interviewer sends the prospect the official Onboarding Landing Page link.
5	New Agent/System	Agent fills out the onboarding form, which automatically triggers an email containing new work logins and a Slack workspace invitation.
6	New Agent	On the same Onboarding Landing Page, the agent signs up for a second Zoom meeting with the interviewer to schedule the license exam.
7	Interviewer	On the second Zoom, the interviewer has the agent download Telegram and creates a group chat with the team.

5. Requirements for Final Interview Scheduling Landing Page

This page will be the first branded experience after the initial call with **Josh**.

5.1. User Experience

- **Primary Action:** Must contain the integrated Calendly link for the final interview with  **Person**.
- **Calendly Link:** Must integrate the existing Calendly link:
<https://calendly.com/benjamin-wunder/1v1-in-person-meeting-benjamin-wunder-clone-clone>

5.2. System Requirements

- **Interview Reminders:** The system must send text message reminders to the prospect at **9:00 am** on the morning of the interview, and again **one hour** before the scheduled time.
- **Interviewer Notification:** When a prospect signs up for an interview, the system must immediately text the interviewer ( **Person**) the prospect's name and phone number.

6. Requirements for Agent Onboarding Landing Page

This page is only sent to candidates who have been offered a position.

6.1. Top Banner Section

- **Headline:** "Congratulations! We're excited to have you here at Unlimited Insurance"
- **Call-to-Action (CTA):** "Onboard with us now!"
 - *Functionality:* This button must scroll the user down to the Information Collection Form (Section 6.3).

6.2. Company Information Section

This section must contain clear headings and the following information:

6.2.1. Opportunity Details

Item	Details
Scope of responsibility	
Hours

- **Families Helped in the Last Year:** 10,000+
- **Retention Support:** Full-time in-house retention staff.

- **Future Expansion:** Plans to open an office in 📍 Place Greenville, SC soon!
- **FFL Link:** <https://familyfirstlife.com/agents/>

6.3. Information Collection Form

The form must collect the following required information from the new agent:

Field	Input Type	Notes
Name	Text	
Phone Number	Text	
Email	Text	This must be their personal email to receive login details.
Start Date	Dropdown	Must only show available Mondays. No calendar should be displayed.

6.4. Post-Form Submission Workflow

Upon submission of the form, the following automated actions must occur:

- **Workflow Step 1:** New Recruit inputs their personal email.
- **Workflow Step 2:** System automatically creates their work email account (e.g., via automation).
- **Workflow Step 3 (Email Send):** The system sends an email to the personal email address provided. The email must include:
 - Logins to their new work email.
 - An invite link to the new Slack workspace.
 - A calendar invite to their first morning meeting (date determined by the "Start Date" selected in the form).

6.5. Second License Exam Meeting Integration

Below the Information Collection Form, there must be a section for scheduling the licensing meeting.

- **Purpose:** To schedule a second Zoom with 👤 Person to purchase the exam and study material.

- **Calendly Link:** This section will house the second Calendly link that will be provided later by  **Person** .

7. New System Requirements

7.1. New Slack Workspace

A new dedicated Slack workspace for onboarding new agents must be created:

- **Name:**  **Person** will determine the name.
- **Purpose:** To integrate new agents into the team environment.

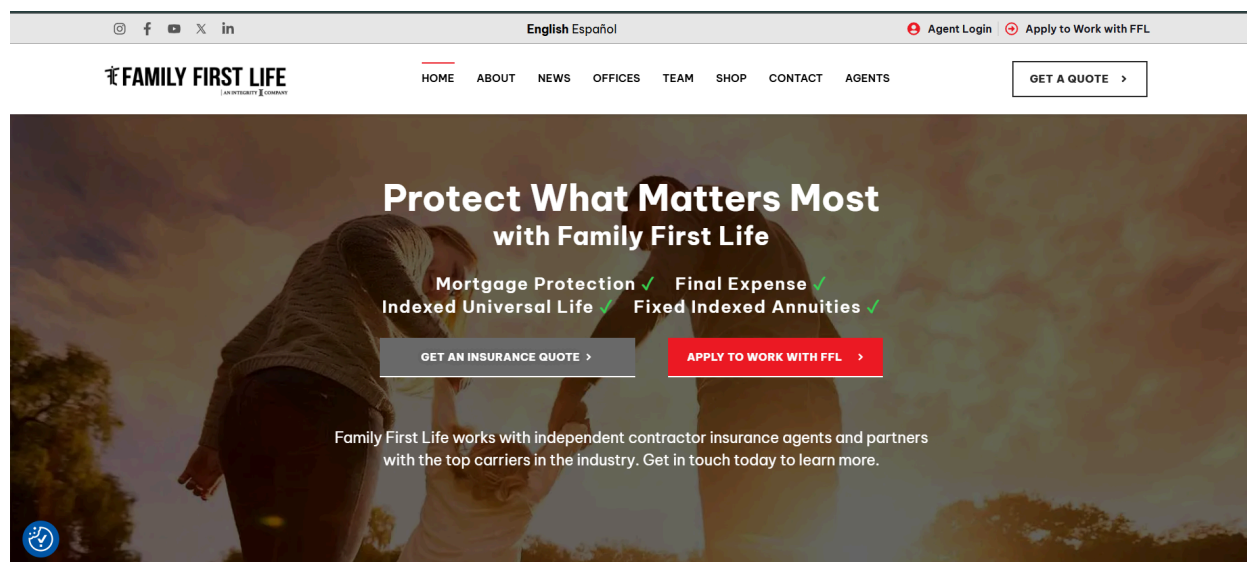

7.2. Automation Integration

The platform must integrate services to handle:

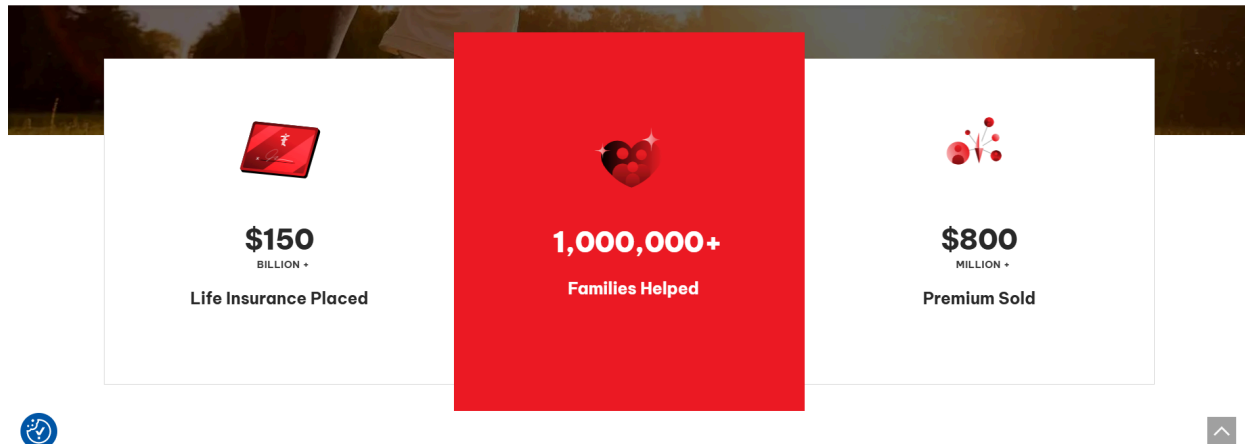

- Email creation and delivery (with new work credentials).
- Slack invitation generation.
- Text message (SMS) sending for interview reminders and notifications.
- Calendar invite generation (for the first morning meeting).

The section is titled 'HOW CAN WE HELP YOU?' and 'FFL provides the resources for your family's growth and success.' It features four columns, each with an icon and a title. The first column has a red diamond icon and is titled 'Mortgage Protection'. The second column has a red document icon and is titled 'Final Expense'. The third column has a red balance scale icon and is titled 'Indexed Universal Life'. The fourth column has a red percentage icon and is titled 'Fixed Indexed Annuities'. Each column contains a brief description of the service and a link to 'Contact us to learn more.' There are small blue and grey icons at the bottom left and right of the section.

Service	Description
Mortgage Protection	Mortgage protection insurance is a way to protect one of your most valuable assets in the event of a death. Most terms are designed to give you a full return of premium if you outlive the policy. With mortgage life insurance protection, in the event of a death, the mortgage will be paid in full, so your family can keep the house. Contact us to learn more.
Final Expense	Final Expense insurance will cover you for life. With final expense insurance, prices are locked and will never increase nor will your policy end. These types of policies are designed to make sure funeral and other end of life expenses are covered. Contact us to learn more.
Indexed Universal Life	If a person uses the cash value that has built up in the policy as collateral for a loan, and the insured dies before the loan is fully paid off, the amount of the death benefit is reduced by the amount of the outstanding loan, including interest. The policy must remain in force to maintain the favorable tax treatment of the loan. Contact us to learn more.
Fixed Indexed Annuities	FIAs credit interest using formulas based on changes in specific indexes. The crediting method determines how much interest is credited. The rate and frequency of the credits depend upon the terms and conditions of the FIA contract. Contact us to learn more.

FAMILY FIRST LIFE OFFERS FREE TRAINING TO ALL THE INDEPENDENT CONTRACTOR INSURANCE AGENTS WITH WHOM FFL WORKS. LEARN FROM THE TOP ACTIVE AGENTS IN THE INDUSTRY!

① **BACKED BY INTEGRITY, FFL HAS BEEN ABLE TO GENERATE LEADS ANYWHERE IN THE COUNTRY AT A RATE THAT PROMOTES AND ENCOURAGES BOTH PERSONAL AND AGENCY GROWTH.**

INSURANCE AGENTS EARN MONEY FROM COMMISSIONS ON POLICIES SOLD. HOW MUCH IS THE COMMISSION? IT IS USUALLY A PERCENT OF THE POLICY'S ANNUAL PREMIUM, AND THAT PERCENT DEPENDS ON THE CARRIER CONTRACT RATE. FFL WAS SOME OF THE TOP CARRIER CONTRACT RATES IN THE INDUSTRY.

③ WITHIN THE PAST FEW YEARS, THERE HAS BEEN A BOOM IN REMOTE WORK ACROSS INDUSTRIES WITH INSURANCE STANDING AS NO EXCEPTION.

The Truth

Aggressive Compensation

How does it work?*

If your compensation is

100%

& if the annual premium on the written policy is

\$500 | \$1,000 | \$1,500

with a 75% advancement the commission would be

\$375 | \$750 | \$1,125

**These results are not typical or guaranteed. Individual results are influenced by multiple factors.*

Example:

If an agent's carrier contract rate for a particular insurance product is set at 100% and that agent writes a policy that has a \$10 annual premium, the agent will receive a commission advance of **\$7.50** from the carrier. This is an advance, so as long as the policy stays active the money belongs to the agent. If the policy is cancelled, the agent will owe the advance back to the carrier. In the 10th-11th-12th month that a policy is on the books, the insurance carrier will pay the agent the **remaining 25%** of the policy.

Family First Life partners with top insurance carriers in the industry.

Using FFL's connections, independent contractor insurance agents that work with FFL can receive carrier contract rates **up to 145%** by certain carriers and paid directly by the carrier.
